The Serpent and the Dove

By Robert W. Ellis

The Serpent And The Rainbow

What would happen if Satan targeted your family for destruction? If yours is a Christian family, he already has.

The Serpent And The Rainbow Book

Once the stage is set, fast-breaking problems hit Ginger when she transfers to public school from homeschool. Her parents' response is like Job's "bewilderment. How could this happen to us? Their sudden problems are as old as the Garden of Eden, played out in modern costume: rebellion, teen romance, peer pressure, materialism, and marital doubt. Blame is assigned everywhere from secular infiltration to spiritual attack. But what lies behind these?

The Serpent And The Rope

The answers come crystal clear in *The Serpent and the Dove*, a novel about Christian life in 21st century America. Your teacher is a high-ranking demon warlord who, reminiscent of Screwtape in C.S. Lewis's™ *The Screwtape Letters*, reveals his strategy in attacking the Hendrickson family. Even more, this demon names his cohorts: Paris Marriott—talentless culture star; STV (sex television), a bankrupt public school system, and secular infiltration in myriad form.

The Serpent And The Rainbow Netflix

Through compelling satire, cliff-hanging suspense, and well-timed humor, the saga will crawl under your skin as the demons take the reader to magical places—a demon city, heaven, hell—while revealing their twisted take on teen society and decaying American culture. Given a break in the action and a bottle of whiskey, they wax nostalgic in flowery discourses, giving the reader ribald "eyewitness" accounts of David and Goliath, God, Satan, among others.

The Serpent And The Pearl

If you have any interest in the spiritual realm, don't miss this one.
