Christmas Tree Crochet Project #844

By Sharon DaDalt

Christmas Tree Crochet Pattern

A table-top Christmas tree for a holiday table. This tree is suitable for small homes or apartments, where space will not accommodate a larger Christmas tree. Easy to crochet, directions come with two different tops: a star or a cone. The tree stands 15 inches high (conical top) or 18 inches high (star top). Directions include bead ornaments for the branches, but can be changed for any other decoration (ornaments, ribbon, trim, icicles, etc.) that you have on hand and wish to use.
