Star Trek: New Visions Special: More of the Serpent than the Dove

Got this as part of a Humble Bundle earlier this year. The main story is pretty goofy but the way it's put together from images from the show is pretty interesting. There's a second story about Dr. McCoy that I enjoyed much more, mostly because they made him extra grumpy.

Short and sweet, this one deals with another encounter between Kirk and the Gorns.

I enjoy the story, but I'm not a huge fan of the photo-mosaic art style.

It's always nice to see that aliens that we tend to think of as being violent are not all bad. So "More of the Serpent Than the Dove" was enjoyable, but I find it odd that it is the only story in this book that was released as a Humble Bundle exclusive. The other story is the first issue of Leonard McCoy: Frontier Doctor. It was interesting seeing what Bones was up to between TOS and TMP, but I can't help but feel that something else, perhaps something new, could've been included in its stead, e It's always nice to see that aliens that we tend to think of as being violent are not all bad.
