Loki: Where Mischief Lies

By Mackenzi Lee

Loki Where Mischief Lies

This is the first of three young adult novels from New York Times best-selling author Mackenzi Lee that explores the untapped potential and duality of heroism of popular characters in the Marvel Universe.

Loki Where Mischief Lies By Mackenzi Lee

Before the days of going toe-to-toe with the Avengers, a younger Loki is desperate to prove himself heroic and capable, while it seems everyone around him suspects him of inevitable villainy and depravity . . . except for Amora. Asgard's resident sorceress-in-training feels like a kindred spirit-someone who values magic and knowledge, who might even see the best in him.

Loki Where Mischief Lies Book

But when Loki and Amora cause the destruction of one of Asgard's most prized possessions, Amora is banished to Earth, where her powers will slowly and excruciatingly fade to nothing. Without the only person who ever looked at his magic as a gift instead of a threat, Loki slips further into anguish and the shadow of his universally adored brother, Thor.

Loki Where Mischief Lies Summary

When Asgardian magic is detected in relation to a string of mysterious murders on Earth, Odin sends Loki to investigate. As he descends upon nineteenth-century London, Loki embarks on a journey that leads him to more than just a murder suspect, putting him on a path to discover the source of his power-and who he's meant to be.

Mackenzi Lee, flexing on Marvel Studios: I'm bringing back canonically pansexual and genderfluid Loki and none of you COWARDS can stop me

Loki Where Mischief Lies Target

Make Marvel Gay Again

(update: this review just becomes more pertinent every single day)

Happy Pub Day!

"Loki was convinced everyone loathed the feasts but no one dared say so for fear of appearing small-minded. Being quite confident of the size of his mind-large-and his ability to walk in heels, he was comfortable saying it."

Hi, hello, YES YOU! Could I have a moment of your time to tell you about this Marvel masterpiece? It features everyone's favorite god of mischief, and the author has portrayed him as canonically intended. I knew this book would be enjoyable, but I wasn't sure ju Happy Pub Day!

"Loki was convinced everyone loathed the feasts but no one dared say so for fear of appearing small-minded. Being quite confident of the size of his mind-large-and his ability to walk in heels, he was comfortable saying it."

Hi, hello, YES YOU! Could I have a moment of your time to tell you about this Marvel masterpiece? It features everyone's favorite god of mischief, and the author has portrayed him as canonically intended. I knew this book would be enjoyable, but I wasn't sure just how necessary it was until after I finished. Sure, this is a story that follows closely to what you already know about Odin, Thor, Loki, Amora, and Asgard in general, but it also grasps tiny fractures in Loki's early existence and brings to light seemingly small moments that alter the course of what we know about his character.

"Is that meant to be a threat?" Loki asked. "If so, you might try and make it a little less tantalizing. Who says I want a place in the court of a king who hits himself in the face with his own hammer?" "That was one time!" "And yet it's burned in our hearts forever."

Loki: Where Mischief Lies is such a gem because it combines fresh perspective on the aspects of Norse mythology that we already adore. The Loki/Thor banter is present throughout, the tumultuous relationship between Loki/Amora is engaging, and the heartbreaking exchanges between Loki/Odin wrench emotions even after the book has finished. I don't want to give too much of the plot away, but these three elements ground the traditional tales while the author adds her own spin on a new adventure, which gives the story a fast-paced, if a bit predictable, nature.

"Loki didn't know what to say. He knew what it was to be cast out and unwanted and taunted for the fabric you were stitched from. To want to find strength and pride in the things that made you you in spite of the world telling you that you should hide them. It was a particular kind of dissonance that was hard to understand until your ears rang with it."

This wouldn't be a Mackenzi Lee original if it didn't dissect the significance of the LGBT community and it's plight in historical fiction, so the reader receives a needed dose of learning all around. One of my favorite scenes in the novel came during the above mentioned quote, where a male character on earth is discussing his hidden status of being a gay man. Loki can't fathom why Midgard isn't as open-minded as Asgard, as Loki is also LGBT and considered just as acceptable in his sexuality and gender as Thor is in his heterosexuality. I feel it's fair to mention also that, while Loki's pronouns in the book are masculine, it's mentioned at one point that he feels equally comfortable as male or female, being both simultaneously and my assumption making him gender-fluid.

Knowing that this is the first book in a three part series, I went in under the guise of each book being a standalone that featured different characters in the marvel universe, but upon finishing this one I'm left wondering if it may not be the end for Loki's character arc via the author? Or perhaps she chose to leave things a bit open as a segue into what we already know will happen? Either way, I was very pleased with this read and highly recommend it to any Marvel fan.

*Many thanks to the publisher for providing my review copy via NetGalley. ...more

Loki Where Mischief Lies Pdf

this is what dreams are made of

takes one look and adds it to TBR

- Loki
- 19th-century London
- Mackenzi Lee

Do I have to say more?
I'm already SOLD!!! XD

This is the book I've been waiting for without even knowing it! <333
I can't wait to read this! September 2019 is going to be an awesome month!

P.S: How amazing is that cover?! =)))

Loki Where Mischief Lies Book Review

Mackenzi Lee + more historical novels + Loki?! Quick question, did someone just reach into my brain and take out everything I want in a novel? AND Loki's going to be gender fluid and pansexual according to her announcement on Twitter!

[1 May 2019]

Rejoice! There's a cover and a full synopsis for Mackenzi Lee's new YA Fantasy trilogy about the trickster Loki! And in case you live in the 18th century: she is the author of *The Gentleman's Guide to Vice and Virtue* :|

The cover gives full Marvel superhero vibes which is its aim ðŸ˜• love it.

HOWEVER. WTF is wrong with the pop culture and this generation! As soon as anyone hears "Loki" they go "Marvel!" ðŸ˜•

Doesn't anybody know that Loki's origins don't lie with Marvel and that they took [1 May 2019]

HOWEVER. WTF is wrong with the pop culture and this generation! As soon as anyone hears "Loki" they go "Marvel!" ðŸ˜•

Doesn't anybody know that Loki's origins don't lie with Marvel and that they took it from NORSE MYTHOLOGY? He was a Norse god (actually a demon but that's not the point ðŸ˜•) before Stanley's father's father's father's father even walked the earth! ðŸ˜•' Oh, for God's sake.

Me, silently judging you:

Marvel fans be like:

Let's clarify things. If you have no idea who Loki the shape shifter, the demon, the trickster Norse god is,

Loki: Where Mischief Lies

I highly recommend *The Gospel of Loki* which is the Norse myths retold through the formerly dismissed Loki in a hilarious tone and about his mischiefs!

But basically, that guy above (who I love), is based on this guy (who I also love):

This book is, though, specifically Marvel fanfiction so you can continue your blabbering. But just please, I'm begging you, don't again say Loki is from Marvel because that shows ignorance and is totally INFURIATING ðŸ˜• Jesus Christ.

Loki Where Mischief Lies Vk

Update: Mackenzi says it fine, so we're back to having outrageously high standards.

Ummmm, did you guys read the summary for this book? Where's the queer representation? Who is Amora? Where's the genderfluid Loki? What's happening?

Edit: We have a cover! Thoughts?

Were getting a villain in the DC Icons series? Loki is a villain right? I honestly know nothing about the DC universe

Loki Where Mischief Lies Audiobook

Do my eyes deceive me or does this really say a LOKI YA BOOK written by MACKENZI LEE ??? OKAY I NEED THIS.

Two things happened today.

1: My sister and I began binging the Marvel movies we haven't seen before going to watch Endgame in theatres.

2. I found out about this book.

Loki is my favourite Marvel character ever, Mackenzie Lee one of my favourite authors.

Clearly I need more mischief in my life.

Loki Where Mischief Lies Barnes And Noble

Mackenzie Lee is writing a Loki YA book?? YES PLEASE.

This a very typical ya novel that barely skimmed the surface of its potential from one of my trusted ya authors. It's engaging but too neatly wrapped for what the story of Loki could have been.

Loki is a fabulous lgbtq+ character, blatantly genderfluid and that is something that cannot be undersold. It's discussed openly and with such a nonchalance that I loved it. I wish we could all live like that.

However, Loki is let down by his supporting cast and plot. They are shallow, rigid and just plough This a very typical ya novel that barely skimmed the surface of its potential from one of my trusted ya authors. It's engaging but too neatly wrapped for what the story of Loki could have been.

Loki is a fabulous lgbtq+ character, blatantly genderfluid and that is something that cannot be undersold. It's discussed openly and with such a nonchalance that I loved it. I wish we could all live like that.

However, Loki is let down by his supporting cast and plot. They are shallow, rigid and just plough straight to the point with little nuance. Thor and Odin are incredibly cookie cut out characters.

The plot was interesting but jumped from one realm to the next so quickly I ended up skimming back to the previous chapter to make sure I hadn't missed anything.

This was okay, but I expected so much more from what could have been an iconic literary pairing.

Received in exchange for an honest review. ...more
