Trophy Life

By Lea Geller

Trophy Life Book

A refreshingly honest, laugh-out-loud novel about losing the life you always wanted and finding the life you were meant to have. For the last ten years, Agnes Parsons's biggest challenge has been juggling yoga classes and lunch dates. Her Santa Monica house staff takes care of everything, leaving Agnes to focus on her trophy-wife responsibilities: look perfect, adore her older husband, and wear terribly expensive (if uncomfortable) underwear. When her husband disappears, leaving Agnes and their infant daughter with no money, no home, and no staff, she is forced to move across the country, where she lands a job teaching at an all-boys boarding school in the Bronx. So long, organic quinoa bowls and sunshine-filled California life. Hello, processed food, pest-infested house, and twelve-year-old-boy humor all day, every day. But it's in this place of second chances (and giant bugs), where Agnes is unexpectedly forced to take care of herself and her daughter, where she finds out the kind of woman she can be. Ultimately, she has to decide if she prefers the woman and mother she has become or the trophy life she left behind. Authentic and sharply witty, Trophy Life is proof that granny panties and mom coats might not be the answer to everything; they're simply comfortable (if slightly unattractive) reminders of what happens when one life ends and real life begins.

Agnes is fortunate to have the dream life that most women desire. Her loving husband, Jack, is successful and generously provides for her and their infant daughter, Grace. She lives on the beach in Santa Monica and spends her days practicing yoga. She also has full-time help to run her home and care for her daughter. She has lots of flexibility to spend time with her friends and family.

This happy life comes to an abrupt halt when Jack doesn't arrive for their usual couples massage. Agnes is informed by Jack's best friend that he has business troubles and will be away for an undetermined amount of time. She also learns that her house and cars are being repossessed and there is no money to pay the staff. While their finances are in flux, a job has been secured for Agnes in New York City. She will teach at an all-boys middle school and will receive a modest housing allowance. Confused and angry about her husband's dishonesty, she is forced to move forward and make some important decisions about her life.

This happy life comes to an abrupt halt when Jack doesn't arrive for their usual couples massage. Agnes is informed by Jack's best friend that he has business troubles and will be away for an undetermined amount of time. She also learns that her house and cars are being repossessed and there is no money to pay the staff. While their finances are in flux, a job has been secured for Agnes in New York City. Confused and angry about her husband's dishonesty, she is forced to move forward and make some important decisions about her life.

This is a debut novel by Lea Geller. Trophy Life is an enjoyable story covering motherhood, friendship, and self-discovery. While reading this book, you can't help getting pulled into Agnes's

Trophy Life

world and all the obstacles she must overcome.

3 Stars!

Maybe this was nothing. Maybe something came up at work and he really was just running late. But Jack didn't run late. Jack never ran late. I thought about what Lynne said about missed payments and unreturned phone calls, and an awful, familiar feeling that I could not shake off started moving up through me.

Agnes is living the good life in Santa Monica, CA. She is married to a wealthy investment manager, Jack, and they have a one year old, Grace. Agnes can have anything she wants and s 3 Stars!

Maybe this was nothing. Maybe something came up at work and he really was just running late. But Jack didn't run late. Jack never ran late. I thought about what Lynne said about missed payments and unreturned phone calls, and an awful, familiar feeling that I could not shake off started moving up through me.

Agnes is living the good life in Santa Monica, CA. She is married to a wealthy investment manager, Jack, and they have a one year old, Grace. Agnes can have anything she wants and she can spend her time doing yoga and going to nice lunches while her nannies take care of Grace. One day, Agnes gets a call that she must leave CA and go teach middle school in the New York Bronx. She doesn't know much detail except her husband, Jack, is in big trouble with his investors. She doesn't even know where her own husband is because he's in hiding.

Agnes gets to the Bronx with little to nothing because she had to sell all her stuff. She is now teaching middle school boys English with kids who are troublemakers. They're those kids who's parents are so rich but the kids have bad behavior issues but must stay in private school due to their parents wishes. These boys are tough but Agnes is brought back to her roots as she did not grow up rich. All this time she just wants to go home but Jack is barely communicating with her and she is sacrificing everything for him. So what do you do if your own husband asks you to do something illegal? Does how much you love someone make a difference in your decision?

This was a cute story overall however I found myself getting frustrated with the main character the entire time. Maybe it's because our lives don't run parallel at all but there's something about a weak female character that drives me nuts. The entire story the husband clearly had control and she basically dropped everything and everyone for this man who treated her terribly. For being her husband I felt that he was very aggressive at times both with physical gestures and the way he spoke to her. He spoke down to her a lot. I was waiting for the moment in the middle of the story when she was going to tell him off but I never got that satisfaction.

I think that this story could be relatable to people who are in similar situations. My own marriage is

Trophy Life

extremely 50/50 and I just could not relate to Agnes. The parts I did love about this were 1. When she stood up and got close with her boys. She was the only one who tried to understand them and help them and I loved that. 2. When she bonded with Grace. Since before Agnes had to move, she had a nanny and never spent as much time with Grace. Losing everything made her focus more on her child and she got to experience things with Grace that she may never have with a nanny. Those were truly bright spots in the book.

Thank you to GetRedPR and Lake Union for providing me with a copy of this book for my honest review.

â••â••â•• ðŸ« / 5

I know there are going to be a lot of people that will LOVE Trophy Life by Lea Geller but unfortunately I didn't love it as much as I was hoping to.

What it's about: Agnes Parsons did not have the best childhood, her parents died when she was young and she had to bounce around from foster home to foster home without much to call her own. So when she gets the chance to marry a man older than her, but who is stable and has lots of money to provide for her, she obviously takes it. She also I â••ï•â••ï•â••ï• ðŸ« / 5

I know there are going to be a lot of people that will LOVE Trophy Life by Lea Geller but unfortunately I didn't love it as much as I was hoping to.

What it's about: Agnes Parsons did not have the best childhood, her parents died when she was young and she had to bounce around from foster home to foster home without much to call her own. So when she gets the chance to marry a man older than her, but who is stable and has lots of money to provide for her, she obviously takes it. She also loves him, but lets face it - a stable home, lots of money to spend, a nanny, and a cook isn't bad either. But now, 10 years later, her husband doesn't come home one day from work and she discovers they no longer have all the money she thought they did. Agnes is then told that she is going to be a middle school teacher at a boarding school in the Bronx, which means moving across country with their six-month-old daughter Grace. By herself. At least she has her friend Beeks in NY. . . What follows is Agnes' finding her place in NY away from her trophy life, and figuring out just what kind of person she really is.

The biggest issue I had with Trophy Life is that Agnes really didn't get a backbone until the last few pages of the book. She went along with everything her husband said even though there were a ton of obvious red flags that everything was NOT on the up and up. I just can't connect to a character that would move across the country without question, just because her husband (who has gone MIA) tells her to. Plus she just seemed really dense which drove me nuts.

I also thought this book wasn't near as funny as it was made out to be. There is definitely humor don't get me wrong, but I was expecting to be laughing a lot when reality was more of a few chuckles every

now and then. It had a lot of potential but just feel flat for me.

Final Thought: I really think that if I could have made some sort of connection to Agnes I would have liked this book a whole lot more. Every time she whined about her new life in New York I wanted to tell her to put on her big girl panties and deal with it, she isn't a child. Overall, I did really like the story though and would definitely read more by Geller. This is a debut novel and I hope I will like her second much better. I will say that I would still recommend this book to people that like lighter reads and anyone that likes the sounds of the synopsis. I have seen a lot of people that love this one, but just not me.

I received an Advance Review Copy of this book. All opinions are my own. ...more

Trophy Life Goodreads

I thought that this was a cute story, and it did have more to it than just the tale of a trophy wife. I liked that we got to see Agnes in a different light from where she started, and found myself really pulling for her. She was a likable character, and there were some sweet moments, especially seeing the relationships form between Agnes and her middle school students that she ends up teaching to support herself and her daughter. .

This was a fantastic read with much heart and more depth than I expected from its description. It will be relatable for any woman who has ever had to "go it alone" and forge a new path when life doesn't turn out as she'd expected. We might think that the story of a "trophy wife" would be vacuous, but the character of Agnes learned much about herself and others as she reinvents herself within a life she didn't ask for and makes tough choices about love and rightness. Highly recommended!

Trophy Life Meaning

Agnes has a Trophy Life and doesn't want for anything. When her husband disappears, her life changes dramatically. Agnes moves across the country with her baby girl and gets a job teaching at a middle school. Trophy Life is a refreshing and sometimes humorous story of starting over and discovering self worth and the resilience of the human spirit. Lea Geller has written a solid debut novel. I can't wait to read her next book! I received an advance review copy. All opinions are my own.

Agnes is a California trophy wife whose life as she knows it comes to an abrupt stop when her husband fails to show up to their weekly massage date. Agnes is told by her husband's confidante that she has to move to the Bronx to teach middle schoolers at a boarding school and wait to hear from her husband. Agnes goes from her gilded life to a mice infested condo at the school. Her life turns completely upside down. The story of Agnes's journey of awakening is told with humor and authenticity and I loved every minute of it. I was laughing out loud throughout the book. Trophy Life is the author's debut book and I look forward to many more from her.

Many thanks to NetGalley and Lake Union Publishing for giving me an advanced copy in exchange for an honest review. ...more

Trophy Life Youtube

What happens when your Trophy Life becomes nothing but strife? This is the situation Agnes Parson is facing when her husband Jack gets himself into financial troubles and goes into hiding - WITHOUT her! Jack sends Agnes to The Bronx to teach in a middle school that his friends runs.

Watching Agnes learn to rely on herself again, something she hadn't done since meeting Jack, is an interesting story, however, the highlight of Trophy Life for me was the relationship Agnes formed with her middle school students and learning not only to rely on herself but to be someone others could rely on too.

Don't let the fun and bright cover fool you, this book had more depth than I anticipated from first glance. Sure, it's light and has plenty of laugh old loud moments, but it's also brutally honest and feels refreshingly authentic.

Agnes is living the dream, she has a gorgeous house in Santa Monica, an adoring husband and a sweet baby daughter. Her only job is to look good for her husband, their hired help takes care of the rest and when her entire world gets flipped upside down and she is forced to get a real job, teaching unruly middle school boys no less, she gets a rude awakening, and fast. To start with I didn't think much of Agnes, she seemed vapid and self absorbed but there is much more than meets the eye with this woman. Over the course of the book she undergoes quite the transformation and I was rooting for her hardcore by the end.

Agnes is living the dream, she has a gorgeous house in Santa Monica, an adoring husband and a sweet baby daughter. To start with I didn't think much of Agnes, she seemed vapid and self absorbed but there is much more than meets the eye with this woman. Over the course of the book she undergoes quite the transformation and I was rooting for her hardcore by the end.

This is told over the course of one year as she navigates life as a single mom who's future is in limbo as she struggles to figure out what her next steps are. While I did like her quite a bit, her boys, (the students she teaches) stole my heart. They're a group of misfits that have been labeled as

Trophy Life

troublemakers by the adults in their lives and she seems to be the only person who truly cares about these kids. They were also rotten little stinkers who cause mischief at every opportunity making for some hilarious scenarios.

Recommended when you want a read with that great balance of light hearted fun and subtle depth, especially for anyone that has ever had to start over in their own life!

Trophy Life Is Strange Before The Storm

This was a delightful debut! While very humorous at parts, it was also extremely heartwarming and there was a lot of depth and character development of the main character. I enjoyed that the book was about so much more than a woman who seemingly had everything losing everything. The school subplot was especially entertaining for me. I adored the boys in Aggie's classroom and loved her relationship with them. The book had a villain, an outspoken BFF, a quirky neighbor, and a whole lot more. I rec This was a delightful debut! In Trophy Life, we meet Agnes, a SoCal trophy wife, who is living in Santa Monica with her much-older husband, Jack and their 6-month-old daughter, Grace. Itâ€™s a seemingly great life. All Agnes needs to do is stay thin, look beautiful and fill her days with yoga and watching the waves on the beach. She has a nanny and a housekeeper/cook. But when Jack mysteriously disappears after not showing up for their monthly couples massage, Agnes is left alone to fend for herself and Grace. Jackâ€™s friend a In Trophy Life, we meet Agnes, a SoCal trophy wife, who is living in Santa Monica with her much-older husband, Jack and their 6-month-old daughter, Grace. Itâ€™s a seemingly great life. All Agnes needs to do is stay thin, look beautiful and fill her days with yoga and watching the waves on the beach. She has a nanny and a housekeeper/cook. But when Jack mysteriously disappears after not showing up for their monthly couples massage, Agnes is left alone to fend for herself and Grace. Jackâ€™s friend and accountant informs Agnes that all of Jackâ€™s money is gone. The house on the beach, the BMW, the housekeeper, the nanny, everythingâ€™gone. Jack is in some sort of serious trouble and had to go underground, but he arranged for Agnes to have a job and housing at a private boarding school in the Bronx. A school for wayward boys who have been kicked out of other schools. Agnes is left with a couple of suitcases and old car to drive herself and Grace from Santa Monica to New York.

Agnes is hurt, confused and angry. Itâ€™s a long fall from the life of privilege in sunny Santa Monica to teaching troubled boys. One life is over for Agnes and Grace and another begins. I liked Agnes. She came from a rough childhood to marry a wealthy man to have it all taken away from her. She is tough, resilient and she finds the inner strength to face being alone and to take care of herself and her daughter. She finds the courage to deal with her new circumstances. She reconnects with her best friend, Beeks, and meets a colorful bunch of characters as she tries to connect with a class full of rowdy middle school boys whose rich parents have plopped into boarding school in the hopes of preparing them for high school.

Trophy Life

I found this book to be funny, sad, and heart-warming. I do much of my reading on Sundays and I finished this book in no time. It was a really enjoyable read!

BOOK REVIEW: TROPHY LIFE BY LEA GELLER

Reading Trophy Life, I anticipate hijinks, hilarious mom moments & the beloved "you're better off without him" vibe. After reading it, I realize Lea Geller digs deeper & creates a story about someone truly rediscovering who they are & more important, who they want to be.

SECOND CHANCES

I swear, expectations are half a book. Looking at the bright cover & reading the synopsis, I'm expecting a Shopaholic type read. I'm ready to meet a rich girl/mom & ready to see her fall on her face after her money is ripped away from her. Even more, I'm ready to see her get back up again after falling.

With Trophy Life, Lea Geller writes an original second chance type of novel. This story is much deeper and more inspiring than I ever thought it would or could be. Yes, there are times I want to scream at Agnes. But that's what happens when we watch someone find his/her way, correct? As we see Agnes struggle, we see her grow as a person. Stripped from her luxury lifestyle, she's able to re-evaluate every single thing in her life. As I think about that now, it's freeing in many ways. She's able to start completely over & create a life she is proud of.

THE VERDICT

I am Really Into This book! Lea Geller writes an inspiring read that may make you rethink your own life & decisions. Trophy Life is fun, insightful & enjoyable.

Special thanks to Lea Geller, Lake Union Publishing & Get Red PR for providing my copy in

exchange for an honest & fair review. ...more

Agnes is a California trophy wife. When her husband doesn't show up to their weekly massage and she finds out he has disappeared, she discovers her husband was facing financial troubles and that's why he went into hiding, of course without her. When her husband's accountant informs her she doesn't have any money, so her house on the beach is gone she doesn't get to drive Her bmw the housekeeper and nanny need to be let go she doesn't know what to do. Then she learns before he went into hiding her husband arranged for her to have a job and housing at a private boarding school in the Bronx! This school is for wayward boys who have been kicked out of all their other schools! So Agnes with her six month baby Grace and a couple of suitcases and an old car drives from Santa Monica to New York. Agnes is angry and confused this was not the life she had imagined for herself or her baby daughter. Once at school Agnes realizes that she somehow needs to find her inner strength and maybe she's stronger than she realizes! I loved this book! I cannot believe this is the author's debut book! The book covers motherhood and self discovery! Do not let the bright gorgeous cover fool you! This book has so many layers! I give this four stars! This book is available today! ...more

Silver City Trophy Lift

After being orphaned in her teens and finishing her youth in the foster care system, Agnes just wants stability and predictability. When she meets her husband, a man who wants to take care of her every need, she can finally stop worrying and settle in. When her husband suddenly disappears, Agnes and her infant daughter are forced to leave behind their home, complete with housekeeper, nanny and organic everything, to move across county and figure out a new, far less glamorous reality.

Everything i After being orphaned in her teens and finishing her youth in the foster care system, Agnes just wants stability and predictability. When she meets her husband, a man who wants to take care of her every need, she can finally stop worrying and settle in. When her husband suddenly disappears, Agnes and her infant daughter are forced to leave behind their home, complete with housekeeper, nanny and organic everything, to move across county and figure out a new, far less glamorous reality.

Everything in Agnesâ€™s trophy life fell apart within the opening chapters. The rest of the book is the story of coming into her own, as a single mother, educator and friend. I loved her wit, growth and resilience through the book. After tremendous trauma and loss in her youth, finding a stable home and family was a comfort and relief. Having that stripped away in an instant, she was devastated but kept moving forward, for herself and her daughter - complete with puffs, store bought baby purÃ©es and comfortable panties! Highly recommended for fans of womenâ€™s fiction who enjoy a story with depth. 4.5/5 stars.

Thank you to Lake Union and GetRed PR #partner for the gifted copy of this book! All opinions are my own. ...more

This book is the epiphany of pulling up your big girl pants.

I loved Lea Gellerâ€™s Trophy Life as not only was this read witty and heartwarming, it also had its serious parts that sent my heart beating. There is a moral behind every story and with Trophy Life, it is so clear and covers such a broad section of important topics that if I named all of them you would have already jumped on this book. But, to list a few, this book covers independence, trust, love and above all connections.

There is a moral behind every story and with Trophy Life, it is so clear and covers such a broad section of important topics that if I named all of them you would have already jumped on this book. But, to list a few, this book covers independence, trust, love and above all connections.

There is so many interesting characters, I donâ€™t even know where to start! Agnes, our main character shows us some of the hardest time and Geller goes above and beyond to show us not only her

Trophy Life

struggles but also how she lives as a mom, teacher and lover. I found this story to be inspiration and to use a loose word, beautiful as our main character wasn't completely flawed but still had some aspects to her where we could see ourselves in her shoes and really connect with her on a personal level.

There is plot twists, character development and above all, a great story to be told from Trophy Life. I would definitely recommend you get your hands on this book because it will be a bestseller. This book will be available April 9th so mark your calendars!
